SOCIAL SCIENCES TEACHER ONLY DAY

What we'll cover

A practical and inspiring day to unpack the refreshed Social Sciences Curriculum and plan for success in your school.

1 Welcome & The Big Picture

- Clarify the purpose and vision of the refreshed Social Sciences Curriculum.
- Explore what this means for learners, teachers and our school.

2 What's Changed?

- Unpack the key changes, structure and intent of the refreshed curriculum.
- Identify implications for teaching and learning.

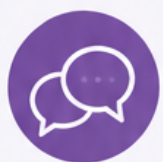

3 The Four Strands

- Explore History, Civics and Society, Geography, and Economic Activity.
- See how the strands connect and build across the curriculum.

4 Knowledge, Practices & Evidence

- Understand the role of disciplinary knowledge, practices and evidence.
- Consider how students investigate, interpret and construct understanding.

5 Perspectives in Social Sciences

- Explore how perspectives shape understanding of people, places and events.
- Consider values, ethics and multiple viewpoints.

6 Local Contexts & Authentic Learning

- Use local contexts, te ao Māori and real-world issues to bring learning to life.
- Build relevance, engagement and connection for learners.

7 Progression Across Years 0–10

- Look at how learning develops across year levels.
- Identify priorities, gaps and opportunities for your programme.

8 Action Planning & Next Steps

- Develop a clear action plan for implementation.
- Agree on priorities and next steps to move forward with confidence.
